- appearance is replaced by being
- human is in the foreground
- balance is at the heart of concerns
- results and how to achieve them are also important

You are the person we are looking for !

The main tasks to be accomplished during the mandates will be the following:

- Needs analysis and recommendations
- Developing an action plan and monitoring its execution
- Preparation and facilitation of meetings with management
- Coaching
- Take on the role of COO (for companies using EOS)

To succeed in this position, what is essential:

- Capacity for complex analysis
- Emotional intelligence
- Ability to defuse crisis situations
- Knowledge of business growth challenges
- Business management and/or consulting experience
- Transformation management experience
- Project management experience
- French-English bilingualism

This is a full-time position (35h/week) under the supervision of the Director of Operations. It is mostly teleworking, but it may require travel to customers. Competitive salary + 4 weeks vacation + health program.

Do you want to join a dynamic team that makes a difference with entrepreneurs from here and elsewhere by helping them revitalize their businesses? Don't hesitate and send us a short video showing us your uniqueness and your CV at following address: rh@spcte.com
